SECTION 1: Identification

1.1. Identification

Product form : Substance
Trade name : INCA ProWrap Blanket
CAS-No. : 142844-00-6
Product code : INCA ProWrap
Synonyms : Ceramic fibers / Ceramic fibres / Refractory ceramic fibres / Refractories, fibers, aluminosilicate / Aluminosilicate refractory ceramic fibers / Refractory fibres / Aluminosilicate refractory ceramic fibres

2. Recommended use and restrictions on use

Use of the substance/mixture : Insulation Wrap Material

SECTION 2: Hazard(s) identification

2.1. Classification of the substance or mixture

GHS-US classification
Carcinogenicity Category 2 Suspected of causing cancer (Inhalation)

2.2. GHS Label elements, including precautionary statements

GHS-US labeling
Hazard pictograms (GHS-US) :
Signal word (GHS-US) : Warning
Hazard statements (GHS-US) : Suspected of causing cancer (Inhalation)
Precautionary statements (GHS-US) : Obtain special instructions before use.
Do not handle until all safety precautions have been read and understood.
Wear eye protection, protective gloves.
If exposed or concerned: Get medical advice/attention.
Store locked up.
Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation

2.3. Other hazards which do not result in classification

No additional information available

2.4. Unknown acute toxicity (GHS US)

Not applicable

SECTION 3: Composition/Information on ingredients

3.1. Substances

Full text of hazard classes and H-statements : see section 16

3.2. Mixtures

Not applicable
**SECTION 4: First-aid measures**

4.1. **Description of first aid measures**

**First-aid measures general**: Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).

**First-aid measures after inhalation**: Remove person to fresh air and keep comfortable for breathing.

**First-aid measures after skin contact**: Not expected to present a significant skin hazard under anticipated conditions of normal use. Wash off with soap and plenty of water.

**First-aid measures after eye contact**: Rinse immediately with plenty of water. Obtain medical attention if pain, blinking or redness persists.

**First-aid measures after ingestion**: Not expected to present a significant ingestion hazard under anticipated conditions of normal use.

4.2. **Most important symptoms and effects (acute and delayed)**

**Symptoms/effects after inhalation**: May cause cancer by inhalation.

**Symptoms/effects after skin contact**: Not expected to present a significant skin hazard under anticipated conditions of normal use.

**Symptoms/effects after eye contact**: Not expected to present a significant eye contact hazard under anticipated conditions of normal use.

**Symptoms/effects after ingestion**: Not expected to present a significant ingestion hazard under anticipated conditions of normal use.

4.3. **Immediate medical attention and special treatment, if necessary**

Treat symptomatically.

**SECTION 5: Fire-fighting measures**

5.1. **Suitable (and unsuitable) extinguishing media**

**Suitable extinguishing media**: Use extinguishing media appropriate for surrounding fire.

**Unsuitable extinguishing media**: None known.

5.2. **Specific hazards arising from the chemical**

**Fire hazard**: None known.

**Explosion hazard**: No direct explosion hazard.

**Reactivity**: The product is non-reactive under normal conditions of use, storage and transport.

5.3. **Special protective equipment and precautions for fire-fighters**

**Firefighting instructions**: Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.

**Protection during firefighting**: Do not enter fire area without proper protective equipment, including respiratory protection.

**SECTION 6: Accidental release measures**

6.1. **Personal precautions, protective equipment and emergency procedures**

6.1.1. **For non-emergency personnel**

**Emergency procedures**: Evacuate unnecessary personnel.

6.1.2. **For emergency responders**

**Protective equipment**: Equip cleanup crew with proper protection. For further information refer to section 8: “Exposure controls/personal protection”.

**Emergency procedures**: Ventilate area.

6.2. **Environmental precautions**

Avoid release to the environment.

6.3. **Methods and material for containment and cleaning up**

**Methods for cleaning up**: Mechanically recover the product. On land, sweep or shovel into suitable containers. Minimize generation of dust. Store away from other materials.

6.4. **Reference to other sections**

For further information refer to section 8: “Exposure controls/personal protection”. For disposal of residues refer to section 13: “Disposal considerations”.

INCA ProWrap Blanket
Safety Data Sheet
according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 7: Handling and storage
7.1. Precautions for safe handling
Precautions for safe handling: Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Avoid raising powdered materials into airborne dust. Wear proper protective equipment. Ensure good ventilation of the work station.

Hygiene measures: Handle in accordance with good industrial hygiene and safety practice. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.

7.2. Conditions for safe storage, including any incompatibilities
Storage conditions: Keep container closed when not in use. Store in a well-ventilated place.

Incompatible materials: None known.

SECTION 8: Exposure controls/personal protection
8.1. Control parameters
INCA ProWrap Blanket (142844-00-6)

<table>
<thead>
<tr>
<th>ACGIH</th>
<th>ACGIH TWA (mg/m³)</th>

</tr>
</tbody>
</table>

8.2. Appropriate engineering controls
Appropriate engineering controls: Ensure good ventilation of the work station.

Environmental exposure controls: Avoid release to the environment.

8.3. Individual protection measures/Personal protective equipment
Personal protective equipment:
Avoid all unnecessary exposure.

Hand protection:
Wear protective gloves.

Eye protection:
Safety glasses

Respiratory protection:
Wear appropriate mask. Consult with an industrial hygienist to determine the appropriate respiratory protection for your specific use of this material. A respiratory protection program compliant with all applicable regulations must be followed whenever workplace conditions require the use of a respirator. Appropriate dust or mist respirator should be used if airborne particles are generated when handling this material.

Other information:
Do not eat, drink or smoke during use.

SECTION 9: Physical and chemical properties
9.1. Information on basic physical and chemical properties
Physical state: Solid
Color: White
Odor: Characteristic
Odor threshold: No data available
pH: No data available
Melting point: No data available
Freezing point: Not applicable
Boiling point: No data available
Flash point: Not applicable
Relative evaporation rate (butyl acetate=1): No data available
Flammability (solid, gas): Non flammable.
INCA ProWrap Blanket
Safety Data Sheet
according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

- Vapor pressure: No data available
- Relative vapor density at 20 °C: No data available
- Relative density: Not applicable
- Solubility: insoluble in water.
- Log Pow: No data available
- Auto-ignition temperature: Not applicable
- Decomposition temperature: No data available
- Viscosity, kinematic: No data available
- Viscosity, dynamic: No data available
- Explosion limits: Not applicable
- Explosive properties: No data available
- Oxidizing properties: No data available

9.2. Other information
No additional information available

SECTION 10: Stability and reactivity

10.1. Reactivity
The product is non-reactive under normal conditions of use, storage and transport.

10.2. Chemical stability
Stable under normal conditions.

10.3. Possibility of hazardous reactions
Hazardous polymerization will not occur.

10.4. Conditions to avoid
None under recommended storage and handling conditions (see section 7).

10.5. Incompatible materials
None known.

10.6. Hazardous decomposition products
No hazardous decomposition products known.

SECTION 11: Toxicological information

11.1. Information on toxicological effects
- Acute toxicity (oral): Not classified (Based on available data, the classification criteria are not met)
- Acute toxicity (dermal): Not classified (Based on available data, the classification criteria are not met)
- Acute toxicity (inhalation): Not classified (Based on available data, the classification criteria are not met)
- Skin corrosion/irritation: Not classified (Based on available data, the classification criteria are not met)
- Serious eye damage/irritation: Not classified (Based on available data, the classification criteria are not met)
- Respiratory or skin sensitization: Not classified (Based on available data, the classification criteria are not met)
- Germ cell mutagenicity: Not classified (Based on available data, the classification criteria are not met)
- Carcinogenicity: Suspected of causing cancer (Inhalation).

### INCA ProWrap Blanket

#### Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Likely routes of exposure: Inhalation. Ingestion. Eyes. Skin.

Symptoms/effects after inhalation: May cause cancer by inhalation.

Symptoms/effects after skin contact: Not expected to present a significant skin hazard under anticipated conditions of normal use.

Symptoms/effects after eye contact: Not expected to present a significant eye contact hazard under anticipated conditions of normal use.

Symptoms/effects after ingestion: Not expected to present a significant ingestion hazard under anticipated conditions of normal use.

#### SECTION 12: Ecological information

**12.1. Toxicity**

No additional information available

**12.2. Persistence and degradability**

| INCA ProWrap Blanket (142844-00-6) | Persistence and degradability | Not established. |

**12.3. Bioaccumulative potential**

| INCA ProWrap Blanket (142844-00-6) | Bioaccumulative potential | Not established. |

**12.4. Mobility in soil**

No additional information available

**12.5. Other adverse effects**

Other information: Avoid release to the environment.

#### SECTION 13: Disposal considerations

**13.1. Disposal methods**

Ecology - waste materials: Avoid release to the environment.

#### SECTION 14: Transport information

**Department of Transportation (DOT)**

In accordance with DOT

Not regulated

**Transportation of Dangerous Goods**

Not regulated

**Transport by sea**

Not regulated

**Air transport**

Not regulated

#### SECTION 15: Regulatory information

**15.1. US Federal regulations**

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory except for:

| Refractory ceramic fibers | CAS-No. 142844-00-6 | 100% |
INCA ProWrap Blanket
